PROFILE

Motivated software engineering student at the Adventist University of Central Africa, with growing expertise in Python, C, HTML, CSS, and SQL. Former customer service representative at CCI (JetBlue account), where I developed strong communication, problem-solving, and teamwork skills. I bring a solid work ethic, adaptability, and attention to detail, combining technical ability with real-world experience in service and collaboration. Passionate about creating efficient, user-focused software solutions and continuously improving through learning and innovation.

WORK EXPERIENCE

BAL(Basketball Africa League) **May 22-31, 2026**
Court/Operations Volunteer

- Seating Management - Ensured every fan was seated in their appropriate assigned seat
- VIP Assistance - Guided VIP guests to their seats and addressed any concerns they raised
- Presidential Area Security - Helped decorate and secure His Excellency the President of Rwanda's seating area to prevent disturbance from other fans
- Hospitality - Provided water and snacks to VIPs throughout the games
- Volunteered during the BAL Playoffs Finals held in Kigali, Rwanda; received a certificate of participation

TCL(The Community League) **2025-2026**
